**NBP2-50534G****Respiratory Syncytial Virus Nucleoprotein Antibody (1C3) [DyLight 488]**

| <b>Product Information</b> |                                                                                             |
|----------------------------|---------------------------------------------------------------------------------------------|
| <b>Unit Size</b>           | 0.1 ml                                                                                      |
| <b>Concentration</b>       | Please see the vial label for concentration. If unlisted please contact technical services. |
| <b>Storage</b>             | Store at 4C in the dark.                                                                    |
| <b>Clonality</b>           | Monoclonal                                                                                  |
| <b>Clone</b>               | 1C3                                                                                         |
| <b>Preservative</b>        | 0.05% Sodium Azide                                                                          |
| <b>Isotype</b>             | IgG2a                                                                                       |
| <b>Conjugate</b>           | DyLight 488                                                                                 |
| <b>Purity</b>              | Protein A purified                                                                          |
| <b>Buffer</b>              | 50mM Sodium Borate                                                                          |

| <b>Product Description</b>     |                                                                                                                                                                                       |
|--------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Description</b>             | This conjugate is made on demand. Actual recovery may vary from the stated volume of this product. The volume will be greater than or equal to the unit size stated on the datasheet. |
| <b>Host</b>                    | Mouse                                                                                                                                                                                 |
| <b>Species</b>                 | Virus                                                                                                                                                                                 |
| <b>Reactivity Notes</b>        | Respiratory syncytial virus (RSV)                                                                                                                                                     |
| <b>Specificity/Sensitivity</b> | This antibody has broad specificity for hRSV of both sub-groups A and B.                                                                                                              |
| <b>Immunogen</b>               | hRSV strain A2 infected HeLa cells                                                                                                                                                    |
| <b>Notes</b>                   | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.                                                                                                     |

| <b>Product Application Details</b> |                                                                        |
|------------------------------------|------------------------------------------------------------------------|
| <b>Applications</b>                | ELISA, Immunocytochemistry/Immunofluorescence, Immunohistochemistry    |
| <b>Recommended Dilutions</b>       | ELISA, Immunohistochemistry, Immunocytochemistry/Immunofluorescence    |
| <b>Application Notes</b>           | Optimal dilution of this antibody should be experimentally determined. |
