**NBP2-52686F**

CD11a/CD18 Antibody (hu1124 (Efalizumab)) [FITC] - Chimeric

| Product Information |                                                                                             |
|---------------------|---------------------------------------------------------------------------------------------|
| Unit Size           | 0.1 ml                                                                                      |
| Concentration       | Please see the vial label for concentration. If unlisted please contact technical services. |
| Storage             | Store at 4C in the dark.                                                                    |
| Clonality           | Monoclonal                                                                                  |
| Clone               | hu1124 (Efalizumab)                                                                         |
| Preservative        | 0.05% Sodium Azide                                                                          |
| Isotype             | IgG Kappa                                                                                   |
| Conjugate           | FITC                                                                                        |
| Purity              | Protein A purified                                                                          |
| Buffer              | PBS                                                                                         |

| Product Description     |                                                                                                                     |
|-------------------------|---------------------------------------------------------------------------------------------------------------------|
| Host                    | Rabbit                                                                                                              |
| Gene ID                 | 3683                                                                                                                |
| Gene Symbol             | ITGAL                                                                                                               |
| Species                 | Human                                                                                                               |
| Reactivity Notes        | Human                                                                                                               |
| Specificity/Sensitivity | Binds to human LFA-1.                                                                                               |
| Immunogen               | Efalizumab binds to CD11a, a subunit of leukocyte function antigen-1 (LFA-1), which is expressed on all leukocytes. |

| Product Application Details |                                                                        |
|-----------------------------|------------------------------------------------------------------------|
| Applications                | Flow Cytometry, Immunohistochemistry, Block/Neutralize, CyTOF-ready    |
| Recommended Dilutions       | Flow Cytometry, Immunohistochemistry, CyTOF-ready, Block/Neutralize    |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined. |
