

# Product Datasheet

## TL1A/TNFSF15 Antibody (VEGI/1283) - Azide and BSA Free NBP2-54513-100ug

Unit Size: 100 ug

Store at -20 to -80C. Avoid freeze-thaw cycles.

TL1A/TNFSF15 Antibody (VEGI/1283) - Azide and BSA Free

| Product Information     |                                                 |
|-------------------------|-------------------------------------------------|
| Unit Size               | 100 ug                                          |
| Concentration           | 1 mg/ml                                         |
| Storage                 | Store at -20 to -80C. Avoid freeze-thaw cycles. |
| Clonality               | Monoclonal                                      |
| Clone                   | VEGI/1283                                       |
| Preservative            | No Preservative                                 |
| Isotype                 | IgG1 Kappa                                      |
| Purity                  | Protein A or G purified                         |
| Buffer                  | 10 mM PBS                                       |
| Target Molecular Weight | 22 kDa                                          |

| Product Description |                                                                                                                                                                                                                                                                               |
|---------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Description         | 1.0 mg/ml of antibody purified from Bioreactor Concentrate by Protein A/G. Prepared in 10mM PBS WITHOUT BSA & azide. Also available at 200 ug/ml WITH BSA & azide (NBP2-53388).<br><br>Antibody with azide - store at 2 to 8C. Antibody without azide - store at -20 to -80C. |
| Host                | Mouse                                                                                                                                                                                                                                                                         |
| Gene ID             | 9966                                                                                                                                                                                                                                                                          |
| Gene Symbol         | TNFSF15                                                                                                                                                                                                                                                                       |
| Species             | Human                                                                                                                                                                                                                                                                         |
| Immunogen           | Recombinant human TL1A/TNFSF15 fragment (Uniprot: O95150)                                                                                                                                                                                                                     |

| Product Application Details |                                                                                                                                                                                                                                                                                                             |
|-----------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Applications                | Immunohistochemistry, Immunohistochemistry-Paraffin, CyTOF-ready                                                                                                                                                                                                                                            |
| Recommended Dilutions       | Immunohistochemistry, Immunohistochemistry-Paraffin 1 - 2 ug/ml, CyTOF-ready                                                                                                                                                                                                                                |
| Application Notes           | Immunohistochemistry (Formalin-fixed): 1-2ug/ml for 30 minutes at RT. Staining of formalin-fixed tissues requires heating tissue sections in 10mM Tris with 1mM EDTA, pH 9.0, for 45 min at 95C followed by cooling at RT for 20 minutes. Optimal dilution for a specific application should be determined. |

## Images

Immunohistochemistry-Paraffin: TL1A/TNFSF15 Antibody (VEGI/1283) - Azide and BSA Free [NBP2-54513] - Formalin-fixed, paraffin-embedded human Colon Carcinoma stained with VEGI Monoclonal Antibody (VEGI/1283).

Immunohistochemistry-Paraffin: TL1A/TNFSF15 Antibody (VEGI/1283) - Azide and BSA Free [NBP2-54513] - Formalin-fixed, paraffin-embedded human Parathyroid Mass stained with VEGI Monoclonal Antibody (VEGI/1283).
