| Buffer                      | PBS (pH 7.2) and 40% Glycerol                                                                                                                                                                              |
| Product Description         |                                                                                                                                                                                                            |
| Description                 | Novus Biologicals Rabbit EHF Antibody - BSA Free (NBP2-56705) is a polyclonal antibody validated for use in WB and ICC/IF. All Novus Biologicals antibodies are covered by our 100% guarantee.             |
| Host                        | Rabbit                                                                                                                                                                                                     |
| Gene ID                     | 26298                                                                                                                                                                                                      |
| Gene Symbol                 | EHF                                                                                                                                                                                                        |
| Species                     | Human                                                                                                                                                                                                      |
| Immunogen                   | This antibody was developed against a recombinant protein corresponding to the following amino acid sequence:<br>MILEGGGVMNLNPGNNLLHQPPAWTDSYSTCNVSSGFFGGQWHEIHPQYWT<br>KYQVWEWLQHLLDTNQLDANCIPFQEFDINGEHL |
| Product Application Details |                                                                                                                                                                                                            |
| Applications                | Western Blot, Immunocytochemistry/ Immunofluorescence                                                                                                                                                      |
| Recommended Dilutions       | Western Blot 0.04-0.4 ug/ml, Immunocytochemistry/ Immunofluorescence 0.25-2 ug/ml                                                                                                                          |
| Application Notes           | ICC/IF, Fixation Permeabilization: Use PFA/Triton X-100.                                                                                                                                                   |

## Images

Western Blot: EHF Antibody [NBP2-56705] - Analysis in human cell line TD47D.

Immunocytochemistry/Immunofluorescence: EHF Antibody [NBP2-56705] - Staining of human cell line A-431 shows localization to nucleoplasm & the Golgi apparatus. Antibody staining is shown in green.
