**NBP2-57350****PPAP2B Antibody**

| <b>Product Information</b> |                                                                                                                  |
|----------------------------|------------------------------------------------------------------------------------------------------------------|
| <b>Unit Size</b>           | 100 ul                                                                                                           |
| <b>Concentration</b>       | Concentrations vary lot to lot. See vial label for concentration. If unlisted please contact technical services. |
| <b>Storage</b>             | Store at 4C short term. Aliquot and store at -20C long term. Avoid freeze-thaw cycles.                           |
| <b>Clonality</b>           | Polyclonal                                                                                                       |
| <b>Preservative</b>        | 0.02% Sodium Azide                                                                                               |
| <b>Isotype</b>             | IgG                                                                                                              |
| <b>Purity</b>              | Affinity purified                                                                                                |
| <b>Buffer</b>              | PBS (pH 7.2) and 40% Glycerol                                                                                    |

| <b>Product Description</b> |                                                                                                                                                       |
|----------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Host</b>                | Rabbit                                                                                                                                                |
| <b>Gene ID</b>             | 8613                                                                                                                                                  |
| <b>Gene Symbol</b>         | PLPP3                                                                                                                                                 |
| <b>Species</b>             | Human                                                                                                                                                 |
| <b>Reactivity Notes</b>    | Rat 89%                                                                                                                                               |
| <b>Immunogen</b>           | This antibody was developed against a recombinant protein corresponding to the following amino acid sequence:<br>SDLFKTKTTLSPAPAIRKEILSPVDIIDRNNHHNMM |

| <b>Product Application Details</b> |                                                                                   |
|------------------------------------|-----------------------------------------------------------------------------------|
| <b>Applications</b>                | Western Blot, Immunocytochemistry/ Immunofluorescence                             |
| <b>Recommended Dilutions</b>       | Western Blot 0.04-0.4 ug/ml, Immunocytochemistry/ Immunofluorescence 0.25-2 ug/ml |
| <b>Application Notes</b>           | ICC/IF Fixation Permeabilization: Use PFA/Triton X-100.                           |

## Images

Western Blot: PPAP2B Antibody [NBP2-57350] - Analysis in human cell line U-2197 and human cell line HDLM-2.

Immunocytochemistry/Immunofluorescence: PPAP2B Antibody [NBP2-57350] - Staining of human cell line ASC TERT1 shows localization to the Golgi apparatus. Antibody staining is shown in green.
