| <b>Product Description</b> |                                                                                                                                                                                                          |
|----------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Description</b>         | Novus Biologicals Rabbit Apolipoprotein L2 Antibody - BSA Free (NBP2-59086) is a polyclonal antibody validated for use in WB and IP. All Novus Biologicals antibodies are covered by our 100% guarantee. |
| <b>Host</b>                | Rabbit                                                                                                                                                                                                   |
| <b>Gene ID</b>             | 23780                                                                                                                                                                                                    |
| <b>Gene Symbol</b>         | APOL2                                                                                                                                                                                                    |
| <b>Species</b>             | Human                                                                                                                                                                                                    |
| <b>Immunogen</b>           | Maps to a region between 287 and 337                                                                                                                                                                     |

| <b>Product Application Details</b> |                                                             |
|------------------------------------|-------------------------------------------------------------|
| <b>Applications</b>                | Western Blot, Immunoprecipitation                           |
| <b>Recommended Dilutions</b>       | Western Blot 1:1000, Immunoprecipitation 3 - 6 ul/mg lysate |

## Images

**Western Blot: Apolipoprotein L2 Antibody [NBP2-59086] - Detection of human APOL2 by western blot.** Samples: Whole cell lysate (50 ug) from NCI-H226, HeLa, 293T, and Jurkat cells prepared using NETN lysis buffer. Antibody: Affinity purified rabbit anti-APOL2 antibody NBP2-59086 used for WB at 1:1000. Detection: Chemiluminescence with an exposure time of 3 minutes.

**Immunoprecipitation: Apolipoprotein L2 Antibody [NBP2-59086] - Detection of human APOL2 by western blot of immunoprecipitates.** Samples: Whole cell lysate (0.5 or 1.0 mg per IP reaction; 20% of IP loaded) from NCI-H226 cells prepared using NETN lysis buffer. Antibodies: Affinity purified rabbit anti-APOL2 antibody NBP2-59086 used for IP at 8 ul per reaction. APOL2 was also immunoprecipitated by another rabbit anti-APOL2 antibody. For blotting immunoprecipitated APOL2, NBP2-59086 was used at 1:1000. Detection: Chemiluminescence with an exposure time of 3 minutes.
