AHSA1 Antibody (3E9) - BSA Free

| Product Information |                                                                                        |
|---------------------|----------------------------------------------------------------------------------------|
| Unit Size           | 100 ul                                                                                 |
| Concentration       | 1 mg/ml                                                                                |
| Storage             | Store at 4C short term. Aliquot and store at -20C long term. Avoid freeze-thaw cycles. |
| Clonality           | Monoclonal                                                                             |
| Clone               | 3E9                                                                                    |
| Preservative        | 0.02% Sodium Azide                                                                     |
| Isotype             | IgG2b Kappa                                                                            |
| Purity              | Protein A purified                                                                     |
| Buffer              | PBS (pH 7.4), 10% Glycerol                                                             |

| Product Description |                                                                                                                                                                                                              |
|---------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Description         | Novus Biologicals Mouse AHSA1 Antibody (3E9) - BSA Free (NBP2-59405) is a monoclonal antibody validated for use in WB, ELISA and ICC/IF. All Novus Biologicals antibodies are covered by our 100% guarantee. |
| Host                | Mouse                                                                                                                                                                                                        |
| Gene ID             | 10598                                                                                                                                                                                                        |
| Gene Symbol         | AHSA1                                                                                                                                                                                                        |
| Species             | Human                                                                                                                                                                                                        |
| Immunogen           | Recombinant human AHSA1 (19-337aa) purified from E. coli                                                                                                                                                     |

| Product Application Details |                                                                           |
|-----------------------------|---------------------------------------------------------------------------|
| Applications                | Western Blot, ELISA, Immunocytochemistry/ Immunofluorescence              |
| Recommended Dilutions       | Western Blot 1:1000, ELISA, Immunocytochemistry/ Immunofluorescence 1:100 |

## Images

Western Blot: AHSA1 Antibody (3E9) [NBP2-59405] - Lane 1: Recombinant protein, Lane 2: MCF-7 cell lysates, Lane 3: PC-3 cell lysates, Lane 4: 293T cell lysates, Lane 5: HeLa cell lysates

Immunocytochemistry/Immunofluorescence: AHSA1 Antibody (3E9) [NBP2-59405] - Analysis of AHA1 in Hep3B cells line, stained with DAPI (Blue) for nucleus staining and monoclonal anti-human AHA1 antibody (1:100) with goat anti-mouse IgG-Alexa fluor 488 conjugate (Green). Analysis of AHA1 in A549 cells line, stained with DAPI (Blue) for nucleus staining and monoclonal anti-human AHA1 antibody (1:100) with goat anti-mouse IgG-Alexa fluor 488 conjugate (Green).
