WNK1 Antibody [Janelia Fluor® 646]

| Product Information         |                                                                                                                     |
|-----------------------------|---------------------------------------------------------------------------------------------------------------------|
| Unit Size                   | 0.1 ml                                                                                                              |
| Concentration               | Please see the vial label for concentration. If unlisted please contact technical services.                         |
| Storage                     | Store at 4C in the dark.                                                                                            |
| Clonality                   | Polyclonal                                                                                                          |
| Preservative                | 0.05% Sodium Azide                                                                                                  |
| Isotype                     | IgG                                                                                                                 |
| Conjugate                   | Janelia Fluor 646                                                                                                   |
| Purity                      | Immunogen affinity purified                                                                                         |
| Buffer                      | 50mM Sodium Borate                                                                                                  |
| Product Description         |                                                                                                                     |
| Host                        | Rabbit                                                                                                              |
| Gene ID                     | 65125                                                                                                               |
| Gene Symbol                 | WNK1                                                                                                                |
| Species                     | Human, Mouse, Rat                                                                                                   |
| Reactivity Notes            | Human, mouse and rat.                                                                                               |
| Immunogen                   | A synthetic peptide within the C-terminal region of human WNK1 (within the last 350 amino acids). [UniProt# Q9H4A3] |
| Notes                       | Sold under license from the Howard Hughes Medical Institute, Janelia Research Campus.                               |
| Product Application Details |                                                                                                                     |
| Applications                | Western Blot, Immunocytochemistry/Immunofluorescence                                                                |
| Recommended Dilutions       | Western Blot, Immunocytochemistry/Immunofluorescence                                                                |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                              |
