| Conjugate                   | Janelia Fluor 646                                                                                                                                                                                                                                |
| Purity                      | Affinity purified                                                                                                                                                                                                                                |
| Buffer                      | 50mM Sodium Borate                                                                                                                                                                                                                               |
| Product Description         |                                                                                                                                                                                                                                                  |
| Host                        | Chicken                                                                                                                                                                                                                                          |
| Species                     | Rat                                                                                                                                                                                                                                              |
| Reactivity Notes            | Based on IEP, this antibody reacts with heavy (gamma) chains on rat IgG and light chains on all rat immunoglobulins.                                                                                                                             |
| Specificity/Sensitivity     | Based on IEP, this Chicken anti-Rat IgG (H+L) Secondary Antibody (Pre-adsorbed) heavy gamma chains on rat IgG and light chains on all rat immunoglobulins. This antibody has been pre-adsorbed against human or rabbit IgG or serum proteins.    |
| Immunogen                   | This Chicken anti-Rat IgG (H+L) Secondary Antibody (Pre-adsorbed) was developed against purified rat IgG (H&L).                                                                                                                                  |
| Notes                       | Chicken products cannot be exported to Canada.                                                                                                                                                                                                   |
|                             | Sold under license from the Howard Hughes Medical Institute, Janelia Research Campus.                                                                                                                                                            |
| Product Application Details |                                                                                                                                                                                                                                                  |
| Applications                | Western Blot, ELISA, Flow Cytometry, Immunocytochemistry/ Immunofluorescence, Immunohistochemistry, Immunohistochemistry-Frozen, Immunohistochemistry-Paraffin                                                                                   |
| Recommended Dilutions       | Western Blot 1:100-1:2000, Flow Cytometry 1:10-1:1000, ELISA 1:100-1:2000, Immunohistochemistry 1:10-1:500, Immunocytochemistry/ Immunofluorescence 1:10-1:500, Immunohistochemistry-Paraffin 1:10-1:500, Immunohistochemistry-Frozen 1:10-1:500 |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                                                                           |
