Albumin Antibody (5B11) [DyLight 680]

| Product Information |                                                                                             |
|---------------------|---------------------------------------------------------------------------------------------|
| Unit Size           | 100 ul                                                                                      |
| Concentration       | Please see the vial label for concentration. If unlisted please contact technical services. |
| Storage             | Store at 4C in the dark.                                                                    |
| Clonality           | Monoclonal                                                                                  |
| Clone               | 5B11                                                                                        |
| Preservative        | 0.05% Sodium Azide                                                                          |
| Isotype             | IgG1 Kappa                                                                                  |
| Conjugate           | DyLight 680                                                                                 |
| Purity              | Protein A or G purified                                                                     |
| Buffer              | 50mM Sodium Borate                                                                          |

| Product Description     |                                                                            |
|-------------------------|----------------------------------------------------------------------------|
| Host                    | Mouse                                                                      |
| Gene ID                 | 213                                                                        |
| Gene Symbol             | ALB                                                                        |
| Species                 | Human                                                                      |
| Reactivity Notes        | Human                                                                      |
| Specificity/Sensitivity | Clone 5B11 is specific for native and denatured human serum albumin (HSA)  |
| Immunogen               | Native HSA isolated from human plasma adsorbed onto aluminum hydroxide gel |

| Product Application Details |                                                                        |
|-----------------------------|------------------------------------------------------------------------|
| Applications                | Western Blot, ELISA                                                    |
| Recommended Dilutions       | Western Blot, ELISA                                                    |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined. |
