SP-D Antibody (12G5) [DyLight 488]

| Product Information         |                                                                                             |
|-----------------------------|---------------------------------------------------------------------------------------------|
| Unit Size                   | 0.1 ml                                                                                      |
| Concentration               | Please see the vial label for concentration. If unlisted please contact technical services. |
| Storage                     | Store at 4C in the dark.                                                                    |
| Clonality                   | Monoclonal                                                                                  |
| Clone                       | 12G5                                                                                        |
| Preservative                | 0.05% Sodium Azide                                                                          |
| Isotype                     | IgG1 Kappa                                                                                  |
| Conjugate                   | DyLight 488                                                                                 |
| Purity                      | Protein A or G purified                                                                     |
| Buffer                      | 50mM Sodium Borate                                                                          |
| Product Description         |                                                                                             |
| Host                        | Mouse                                                                                       |
| Gene ID                     | 6441                                                                                        |
| Gene Symbol                 | SFTPD                                                                                       |
| Species                     | Human                                                                                       |
| Reactivity Notes            | Human                                                                                       |
| Specificity/Sensitivity     | Clone 12G5 is specific for human SP-D                                                       |
| Immunogen                   | Recombinant neck CRD SP-D adsorbed onto aluminum hydroxide                                  |
| Product Application Details |                                                                                             |
| Applications                | Western Blot, ELISA, Immunohistochemistry, Immunohistochemistry-Paraffin                    |
| Recommended Dilutions       | Western Blot, ELISA, Immunohistochemistry, Immunohistochemistry-Paraffin                    |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                      |
