| Gene Symbol             | PLCG2                                                                                                                                                                                                                                                                   |
| Species                 | Human                                                                                                                                                                                                                                                                   |
| Specificity/Sensitivity | This antibody recognizes human PLC gamma-2 of pY759 in direct ELISAs and WBs.                                                                                                                                                                                           |
| Immunogen               | This antibody was produced from a hybridoma (mouse myeloma fused with spleen cells) from a mouse immunized with Phosphopeptide containing Y759 of human PLC gamma -2                                                                                                    |
| Notes                   | Dylight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries. This conjugate is made on demand. Actual recovery may vary from the stated volume of this product. The volume will be greater than or equal to the unit size stated on the datasheet. |

| Product Application Details |                                                                        |
|-----------------------------|------------------------------------------------------------------------|
| Applications                | Western Blot, Immunocytochemistry/Immunofluorescence                   |
| Recommended Dilutions       | Western Blot, Immunocytochemistry/Immunofluorescence                   |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined. |
