SCN3B Antibody (S396-29) [Biotin]

| Product Information         |                                                                                             |
|-----------------------------|---------------------------------------------------------------------------------------------|
| Unit Size                   | 100 ul                                                                                      |
| Concentration               | Please see the vial label for concentration. If unlisted please contact technical services. |
| Storage                     | Store at 4C in the dark.                                                                    |
| Clonality                   | Monoclonal                                                                                  |
| Clone                       | S396-29                                                                                     |
| Preservative                | 0.05% Sodium Azide                                                                          |
| Isotype                     | IgG2b                                                                                       |
| Conjugate                   | Biotin                                                                                      |
| Purity                      | Protein G purified                                                                          |
| Buffer                      | PBS                                                                                         |
| Product Description         |                                                                                             |
| Host                        | Mouse                                                                                       |
| Gene ID                     | 55800                                                                                       |
| Gene Symbol                 | SCN3B                                                                                       |
| Species                     | Human, Mouse, Rat                                                                           |
| Specificity/Sensitivity     | Detects 40kDa. Does not cross-react with NavBeta1, Navbeta2, or Navbeta4.                   |
| Immunogen                   | Fusion protein amino acids 1-215 (full-length) of rat NavBeta3                              |
| Product Application Details |                                                                                             |
| Applications                | Simple Western, Immunocytochemistry/ Immunofluorescence                                     |
| Recommended Dilutions       | Simple Western, Immunocytochemistry/ Immunofluorescence                                     |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                      |
