Kv3.2 Antibody (S410-17) [Janelia Fluor® 549]

| Product Information         |                                                                                             |
|-----------------------------|---------------------------------------------------------------------------------------------|
| Unit Size                   | 0.1 ml                                                                                      |
| Concentration               | Please see the vial label for concentration. If unlisted please contact technical services. |
| Storage                     | Store at 4C in the dark.                                                                    |
| Clonality                   | Monoclonal                                                                                  |
| Clone                       | S410-17                                                                                     |
| Preservative                | 0.05% Sodium Azide                                                                          |
| Isotype                     | IgG1                                                                                        |
| Conjugate                   | Janelia Fluor 549                                                                           |
| Purity                      | Protein G purified                                                                          |
| Buffer                      | 50mM Sodium Borate                                                                          |
| Product Description         |                                                                                             |
| Host                        | Mouse                                                                                       |
| Gene ID                     | 3747                                                                                        |
| Gene Symbol                 | KCNC2                                                                                       |
| Species                     | Human, Mouse, Rat                                                                           |
| Specificity/Sensitivity     | Detects 80-100kDa. Varies due to post-translational modifications.                          |
| Immunogen                   | Fusion protein amino acids 474-613 (Cytoplasmic C-terminus) of rat Kv3.2a                   |
| Product Application Details |                                                                                             |
| Applications                | Immunocytochemistry/ Immunofluorescence, Immunohistochemistry                               |
| Recommended Dilutions       | Immunohistochemistry, Immunocytochemistry/ Immunofluorescence                               |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                      |
