**NBP2-62684**

CCL27/CTACK Antibody - BSA Free

| Product Information |                                                                                                                  |
|---------------------|------------------------------------------------------------------------------------------------------------------|
| Unit Size           | 100 ul                                                                                                           |
| Concentration       | Concentrations vary lot to lot. See vial label for concentration. If unlisted please contact technical services. |
| Storage             | Store at 4C short term. Aliquot and store at -20C long term. Avoid freeze-thaw cycles.                           |
| Clonality           | Polyclonal                                                                                                       |
| Preservative        | 0.02% Sodium Azide                                                                                               |
| Isotype             | IgG                                                                                                              |
| Purity              | Protein A purified                                                                                               |
| Buffer              | PBS (pH 7.2) and 40% Glycerol                                                                                    |

| Product Description |                                                                                                                                                                                              |
|---------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Description         | Novus Biologicals Rabbit CCL27/CTACK Antibody - BSA Free (NBP2-62684) is a polyclonal antibody validated for use in IHC. All Novus Biologicals antibodies are covered by our 100% guarantee. |
| Host                | Rabbit                                                                                                                                                                                       |
| Gene ID             | 10850                                                                                                                                                                                        |
| Gene Symbol         | CCL27                                                                                                                                                                                        |
| Species             | Human                                                                                                                                                                                        |
| Immunogen           | This antibody was developed against a recombinant protein corresponding to amino acids:<br>CTQLYRKPLSDKLLRKVIQVELQEADGDCHLQAFVLHLAQRSICIHQPQNPSLSQ<br>WFEHQERKLHGTLPKLNFGMLR                 |

| Product Application Details |                                                                                 |
|-----------------------------|---------------------------------------------------------------------------------|
| Applications                | Immunohistochemistry-Paraffin, Immunohistochemistry                             |
| Recommended Dilutions       | Immunohistochemistry 1:200 - 1:500, Immunohistochemistry-Paraffin 1:200 - 1:500 |
| Application Notes           | For IHC-Paraffin, HIER pH 6 retrieval is recommended.                           |

## Images

Immunohistochemistry-Paraffin: CCL27/CTACK Antibody [NBP2-62684]  
- Staining of human skin shows high expression.

Immunohistochemistry-Paraffin: CCL27/CTACK Antibody [NBP2-62684]  
- Analysis in human skin and skeletal muscle tissues using Anti-CCL27 antibody. Corresponding CCL27 RNA-seq data are presented for the same tissues.

Immunohistochemistry-Paraffin: CCL27/CTACK Antibody [NBP2-62684]  
- Staining of human skeletal muscle shows low expression as expected.
