**NBP2-68361****Rabbit anti-Sheep IgA Secondary Antibody**

| <b>Product Information</b> |                             |
|----------------------------|-----------------------------|
| <b>Unit Size</b>           | 1 mg                        |
| <b>Concentration</b>       | 1 mg/ml                     |
| <b>Storage</b>             | Store at 4C. Do not freeze. |
| <b>Clonality</b>           | Polyclonal                  |
| <b>Preservative</b>        | 0.09% Sodium Azide          |
| <b>Isotype</b>             | IgG                         |
| <b>Purity</b>              | Affinity purified           |
| <b>Buffer</b>              | PBS                         |

| <b>Product Description</b>     |                                                                                                                                                                                                          |
|--------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Host</b>                    | Rabbit                                                                                                                                                                                                   |
| <b>Gene ID</b>                 | 3493                                                                                                                                                                                                     |
| <b>Gene Symbol</b>             | IGHA1                                                                                                                                                                                                    |
| <b>Species</b>                 | Sheep                                                                                                                                                                                                    |
| <b>Specificity/Sensitivity</b> | Rabbit anti sheep IgA antibody recognizes ovine IgA. This antibody has been shown to react with ovine IgA by immunoelectrophoresis and ELISA. This antibody may cross react with IgA from other species. |
| <b>Immunogen</b>               | Ovine IgA                                                                                                                                                                                                |

| <b>Product Application Details</b> |                       |
|------------------------------------|-----------------------|
| <b>Applications</b>                | ELISA                 |
| <b>Recommended Dilutions</b>       | ELISA 1:100 - 1:10000 |
