#### NBP2-69016PEP

FATP1/SLC27A1 Recombinant Protein Antigen

Product Information       Unit Size       100 ul         Concentration       Please see the vial label for concentration. If unlisted please contact technical services.         Storage       Store at -20C. Avoid freeze-thaw cycles.         Preservative       No Preservative         Purity       >80% by SDS-PAGE and Coomassie blue staining         Buffer       PBS and 1M Urea, pH 7.4.         Target Molecular Weight       22 kDa         Product Description       A recombinant protein antigen with a N-terminal His6-ABP tag corresponding to human FATP1/SLC27A1.         Source: E. coli       Amino Acid Sequence: QREGFDPRQTSDRLFFLDLKQGHYLPLNEAVYTRICSGAF         Fusion Tag: N-terminal His6ABP (ABP = Albumin Binding Protein derived from Streptococcal Protein G)         This product is intended to be used as a blocking antigen for antibody competition assays. Any other use of this antigen is done at the risk of the user. The use of this product for commercial production is strictly prohibited. Please contact technical support if you have any questions.         Gene ID       376497         Gene Symbol       SLC27A1         Species       Human         Product Application Details         Application Notes       Antibody Competition 10-100 molar excess         Application Notes       Antibody Specificity with the corresponding antibody, catalog number NBP2-99016.         His purified by IMAC chromatography, and the expected co
