METT10D Antibody (OTI3B5) [DyLight 405]

| METT10D Antibody (OTI3B5) [DyLight 405] |   |
|---|---|
| Product Information                     |   |
| Unit Size                               | 0.1 ml  |
| Concentration                           | Please see the vial label for concentration. If unlisted please contact technical services.   |
| Storage                                 | Store at 4C in the dark.  |
| Clonality                               | Monoclonal  |
| Clone                                   | OTI3B5  |
| Preservative                            | 0.05% Sodium Azide  |
| Isotype                                 | IgG1  |
| Conjugate                               | DyLight 405   |
| Purity                                  | Immunogen affinity purified   |
| Buffer                                  | 50mM Sodium Borate  |
| Product Description                     |   |
| Host                                    | Mouse   |
| Gene ID                                 | 79066   |
| Gene Symbol                             | METTL16   |
| Species                                 | Human, Mouse, Monkey, Primate   |
| Reactivity Notes                        | Please note that this antibody is reactive to Mouse and derived from the same host, Mouse. Mouse-On-Mouse blocking reagent may be needed for IHC and ICC experiments to reduce high background signal. You can find these reagents under catalog numbers PK-2200-NB and MP-2400-NB. Please contact Technical Support if you have any questions. |
| Immunogen                               | Full length recombinant protein of human METT10D (NP_076991) produced in HEK293T cells.   |
| Notes                                   | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.   |
| Product Application Details             |   |
| Applications                            | Western Blot, Immunocytochemistry/Immunofluorescence, Immunohistochemistry  |
| Recommended Dilutions                   | Western Blot, Immunohistochemistry, Immunocytochemistry/Immunofluorescence  |
| Application Notes                       | Optimal dilution of this antibody should be experimentally determined.  |
|   |   |
