| <b>Concentration</b>               | LYOPH mg/ml                                                                                                                                                                                                                      |
| <b>Storage</b>                     | Store at -20C. Avoid freeze-thaw cycles.                                                                                                                                                                                         |
| <b>Clonality</b>                   | Monoclonal                                                                                                                                                                                                                       |
| <b>Clone</b>                       | OTI1D7                                                                                                                                                                                                                           |
| <b>Preservative</b>                | No Preservative                                                                                                                                                                                                                  |
| <b>Reconstitution Instructions</b> | we recommend adding 100uL distilled water to a final antibody concentration of about 1 mg/mL. To use this carrier-free antibody for conjugation experiment, we strongly recommend performing another round of desalting process. |
| <b>Isotype</b>                     | IgG2b                                                                                                                                                                                                                            |
| <b>Purity</b>                      | Immunogen affinity purified                                                                                                                                                                                                      |
| <b>Buffer</b>                      | Lyophilized from PBS (pH 7.3) with 8% Trehalose                                                                                                                                                                                  |

**Product Description**

|                    |                                                                                                                                                                                                          |
|--------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Description</b> | Novus Biologicals Mouse ZBTB37 Antibody (OTI1D7) - Azide and BSA Free (NBP2-46396) is a monoclonal antibody validated for use in WB. All Novus Biologicals antibodies are covered by our 100% guarantee. |
| <b>Host</b>        | Mouse                                                                                                                                                                                                    |
| <b>Gene ID</b>     | 84614                                                                                                                                                                                                    |
| <b>Gene Symbol</b> | ZBTB37                                                                                                                                                                                                   |
| <b>Species</b>     | Human, Mouse, Rat                                                                                                                                                                                        |
| <b>Immunogen</b>   | Human recombinant protein fragment corresponding to amino acids 131-361 of human ZBTB37 (NP_115911) produced in E.coli.                                                                                  |

**Product Application Details**

|                              |                    |
|------------------------------|--------------------|
| <b>Applications</b>          | Western Blot       |
| <b>Recommended Dilutions</b> | Western Blot 1:500 |

**Images**

Western Blot: ZBTB37 Antibody (OTI1D7) - Azide and BSA Free [NBP2-74907] - Analysis of HEK293T cells were transfected with the pCMV6-ENTRY control (Left lane) or pCMV6-ENTRY ZBTB37.
