| <b>Gene ID</b>                 | 6351                                                                                                                                                                                                                                                                |
| <b>Gene Symbol</b>             | CCL4                                                                                                                                                                                                                                                                |
| <b>Species</b>                 | Cotton Rat                                                                                                                                                                                                                                                          |
| <b>Specificity/Sensitivity</b> | Detects cotton rat CCL4/MIP-1 $\beta$ in direct ELISAs and Western blots. In direct ELISAs, approximately 25% cross-reactivity with recombinant human MIP-1 $\beta$ is observed and less than 2% cross-reactivity with recombinant mouse MIP-1 $\beta$ is observed. |
| <b>Immunogen</b>               | <i>E. coli</i> -derived recombinant cotton rat CCL4/MIP-1 $\beta$<br>Ala24-Asn92<br>Accession # AAL16933                                                                                                                                                            |
| <b>Notes</b>                   | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.                                                                                                                                                                                   |

**Product Application Details**

|                              |                                                                        |
|------------------------------|------------------------------------------------------------------------|
| <b>Applications</b>          | Western Blot, Neutralization                                           |
| <b>Recommended Dilutions</b> | Western Blot, Neutralization                                           |
| <b>Application Notes</b>     | Optimal dilution of this antibody should be experimentally determined. |
