| Host                        | Goat                                                                                                                                                                                                                                         |
| Gene ID                     | 23495                                                                                                                                                                                                                                        |
| Gene Symbol                 | TNFRSF13B                                                                                                                                                                                                                                    |
| Species                     | Mouse                                                                                                                                                                                                                                        |
| Specificity/Sensitivity     | Detects mouse TACI/TNFRSF13B in direct ELISAs and Western blots. In direct ELISAs, less than 5% cross-reactivity with recombinant human TACI is observed and less than 1% cross-reactivity with recombinant mouse BCMA/TNFRSF17 is observed. |
| Immunogen                   | Mouse myeloma cell line NS0-derived recombinant mouse TACI/TNFRSF13B Phe5-Thr129<br>Accession # Q9ET35                                                                                                                                       |
| Notes                       | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.                                                                                                                                                            |
| Product Application Details |                                                                                                                                                                                                                                              |
| Applications                | Western Blot, Flow Cytometry, Blockade of Receptor-ligand Interaction, CyTOF-ready                                                                                                                                                           |
| Recommended Dilutions       | Western Blot, Flow Cytometry, Blockade of Receptor-ligand Interaction, CyTOF-ready                                                                                                                                                           |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                                                                       |
