**AF1330A**

Fc gamma RII/CD32 Antibody [Allophycocyanin]

| Product Information         |                                                                                                         |
|-----------------------------|---------------------------------------------------------------------------------------------------------|
| Unit Size                   | 0.1 ml                                                                                                  |
| Concentration               | Please see the vial label for concentration. If unlisted please contact technical services.             |
| Storage                     | Store at 4C in the dark.                                                                                |
| Clonality                   | Polyclonal                                                                                              |
| Preservative                | 0.05% Sodium Azide                                                                                      |
| Isotype                     | IgG                                                                                                     |
| Conjugate                   | Allophycocyanin                                                                                         |
| Purity                      | Antigen Affinity-purified                                                                               |
| Buffer                      | PBS                                                                                                     |
| Product Description         |                                                                                                         |
| Host                        | Goat                                                                                                    |
| Gene ID                     | 2213                                                                                                    |
| Gene Symbol                 | FCGR2A                                                                                                  |
| Species                     | Human                                                                                                   |
| Specificity/Sensitivity     | Detects human Fcγ RII/CD32 in direct ELISAs and Western blots.                                          |
| Immunogen                   | Mouse myeloma cell line NS0-derived recombinant human Fcγ RII/CD32 Ala46-Pro217<br>Accession # P31994   |
| Product Application Details |                                                                                                         |
| Applications                | Western Blot, Flow Cytometry, Blockade of Receptor-ligand Interaction, CyTOF-ready, Immunocytochemistry |
| Recommended Dilutions       | Western Blot, Flow Cytometry, Blockade of Receptor-ligand Interaction, Immunocytochemistry, CyTOF-ready |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                  |
