| Preservative                | 0.05% Sodium Azide                                                                                                                                                                                                                                                                                            |
| Isotype                     | IgG                                                                                                                                                                                                                                                                                                           |
| Conjugate                   | Janelia Fluor 669                                                                                                                                                                                                                                                                                             |
| Purity                      | Antigen Affinity-purified                                                                                                                                                                                                                                                                                     |
| Buffer                      | 50mM Sodium Borate                                                                                                                                                                                                                                                                                            |
| Product Description         |                                                                                                                                                                                                                                                                                                               |
| Host                        | Goat                                                                                                                                                                                                                                                                                                          |
| Gene ID                     | 4059                                                                                                                                                                                                                                                                                                          |
| Gene Symbol                 | BCAM                                                                                                                                                                                                                                                                                                          |
| Species                     | Human                                                                                                                                                                                                                                                                                                         |
| Specificity/Sensitivity     | Detects human BCAM in direct ELISAs and Western blots. In these formats, approximately 2% cross-reactivity with recombinant human (rh) ALCAM is observed and less than 1% cross-reactivity with rhPECAM, rhEpCAM, rhICAM $\alpha$ 1, rhICAM $\alpha$ 2, rhICAM $\alpha$ 3, and rhVCAM $\alpha$ 1 is observed. |
| Immunogen                   | Mouse myeloma cell line NS0-derived recombinant human BCAM Glu32-Ala547<br>Accession # CAA58449                                                                                                                                                                                                               |
| Notes                       | Sold under license from the Howard Hughes Medical Institute, Janelia Research Campus.                                                                                                                                                                                                                         |
| Product Application Details |                                                                                                                                                                                                                                                                                                               |
| Applications                | Western Blot, Adhesion Blockade                                                                                                                                                                                                                                                                               |
| Recommended Dilutions       | Western Blot, Adhesion Blockade                                                                                                                                                                                                                                                                               |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                                                                                                                                        |
