| <b>Gene Symbol</b>                 | ITGA5                                                                                                                                                                                                                                                                                                                                                                 |
| <b>Species</b>                     | Human                                                                                                                                                                                                                                                                                                                                                                 |
| <b>Specificity/Sensitivity</b>     | Detects human Integrin $\alpha$ 5/CD49e in direct ELISAs and Western blots. In direct ELISAs and Western blots, approximately 50% cross-reactivity with recombinant mouse (rm) Integrin $\alpha$ 5 and less than 5% cross-reactivity with recombinant human Integrin $\alpha$ M, rmIntegrin $\alpha$ 2, rmIntegrin $\alpha$ 4, and rmIntegrin $\alpha$ E is observed. |
| <b>Immunogen</b>                   | Mouse myeloma cell line NS0-derived recombinant human Integrin $\alpha$ 5/CD49e Phe42-Tyr995<br>Accession # P08648                                                                                                                                                                                                                                                    |
| <b>Product Application Details</b> |                                                                                                                                                                                                                                                                                                                                                                       |
| <b>Applications</b>                | Western Blot, Flow Cytometry, Adhesion Blockade, CyTOF-ready                                                                                                                                                                                                                                                                                                          |
| <b>Recommended Dilutions</b>       | Western Blot, Flow Cytometry, Adhesion Blockade, CyTOF-ready                                                                                                                                                                                                                                                                                                          |
| <b>Application Notes</b>           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                                                                                                                                                                                                |
