| Buffer                      | 50mM Sodium Borate                                                                                                                   |
| Product Description         |                                                                                                                                      |
| Host                        | Goat                                                                                                                                 |
| Gene ID                     | 2487                                                                                                                                 |
| Gene Symbol                 | FRZB                                                                                                                                 |
| Species                     | Human, Mouse                                                                                                                         |
| Specificity/Sensitivity     | Detects human and mouse sFRP-3 in direct ELISAs and Western blots.                                                                   |
| Immunogen                   | Mouse myeloma cell line NS0-derived recombinant human sFRP-3 (R&D Systems, Catalog # 192-SF)<br>Ala33-Asn325<br>Accession # AAB51298 |
| Notes                       | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.                                                    |
| Product Application Details |                                                                                                                                      |
| Applications                | Western Blot                                                                                                                         |
| Recommended Dilutions       | Western Blot                                                                                                                         |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                               |
