| Storage                     | Store at 4C in the dark.                                                                                                                                                                       |
| Clonality                   | Polyclonal                                                                                                                                                                                     |
| Preservative                | 0.05% Sodium Azide                                                                                                                                                                             |
| Isotype                     | IgG                                                                                                                                                                                            |
| Conjugate                   | DyLight 350                                                                                                                                                                                    |
| Purity                      | Antigen Affinity-purified                                                                                                                                                                      |
| Buffer                      | 50mM Sodium Borate                                                                                                                                                                             |
| Product Description         |                                                                                                                                                                                                |
| Host                        | Sheep                                                                                                                                                                                          |
| Gene ID                     | 84432                                                                                                                                                                                          |
| Gene Symbol                 | PROK1                                                                                                                                                                                          |
| Species                     | Human, Mouse, Rat                                                                                                                                                                              |
| Specificity/Sensitivity     | Detects human, mouse, and rat EG-VEGF/PK1 in direct ELISAs and Western blots. In direct ELISAs, 100% cross reactivity with recombinant human EG-VEGF and recombinant mouse EG-VEGF is observed |
| Immunogen                   | Mouse myeloma cell line NS0-derived recombinant rat EG-VEGF/PK1 Ala19-Phe105<br>Accession # Q8R414                                                                                             |
| Notes                       | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.                                                                                                              |
| Product Application Details |                                                                                                                                                                                                |
| Applications                | Western Blot                                                                                                                                                                                   |
| Recommended Dilutions       | Western Blot                                                                                                                                                                                   |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                         |
