| Storage                     | Store at 4C in the dark.                                                                                                                                                     |
| Clonality                   | Polyclonal                                                                                                                                                                   |
| Preservative                | 0.05% Sodium Azide                                                                                                                                                           |
| Isotype                     | IgG                                                                                                                                                                          |
| Conjugate                   | PerCP                                                                                                                                                                        |
| Purity                      | Antigen Affinity-purified                                                                                                                                                    |
| Buffer                      | PBS                                                                                                                                                                          |
| Product Description         |                                                                                                                                                                              |
| Host                        | Goat                                                                                                                                                                         |
| Gene ID                     | 2065                                                                                                                                                                         |
| Gene Symbol                 | ERBB3                                                                                                                                                                        |
| Species                     | Human                                                                                                                                                                        |
| Specificity/Sensitivity     | Detects human ErbB3 in direct ELISAs and Western blots. In direct ELISAs, less than 1% cross-reactivity with recombinant human (rh) EGF R, rhErbB2, and rhErbB4 is observed. |
| Immunogen                   | Mouse myeloma cell line NS0-derived recombinant human ErbB3/Her3 Ser20-Thr643<br>Accession # P21860                                                                          |
| Product Application Details |                                                                                                                                                                              |
| Applications                | Western Blot, Flow Cytometry, CyTOF-ready, Neutralization                                                                                                                    |
| Recommended Dilutions       | Western Blot, Flow Cytometry, Neutralization, CyTOF-ready                                                                                                                    |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                                       |
