| Host                        | Goat                                                                                                                                                                                                                                                                  |
| Gene ID                     | 84868                                                                                                                                                                                                                                                                 |
| Gene Symbol                 | HAVCR2                                                                                                                                                                                                                                                                |
| Species                     | Human                                                                                                                                                                                                                                                                 |
| Specificity/Sensitivity     | Detects human TIM-3 in direct ELISAs and Western blots. In direct ELISAs, approximately 5% cross-reactivity with recombinant mouse (rm) TIM $\square$ 3 is observed and less than 1% cross-reactivity with recombinant human TIM-1, rmTIM-1, and rmTIM-2 is observed. |
| Immunogen                   | Mouse myeloma cell line NS0-derived recombinant human TIM&#x2011;3 Ser22-Arg200<br>Accession # Q8TDQ0                                                                                                                                                                 |
| Notes                       | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.                                                                                                                                                                                     |
| Product Application Details |                                                                                                                                                                                                                                                                       |
| Applications                | Western Blot, Flow Cytometry, Immunohistochemistry, CyTOF-ready, Dual RNAscope ISH-IHC, Knockout Validated                                                                                                                                                            |
| Recommended Dilutions       | Western Blot, Flow Cytometry, Immunohistochemistry, CyTOF-ready, Knockout Validated, Dual RNAscope ISH-IHC                                                                                                                                                            |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                                                                                                |
