| Storage                     | Store at 4C in the dark.                                                                                                                                                      |
| Clonality                   | Polyclonal                                                                                                                                                                    |
| Preservative                | 0.05% Sodium Azide                                                                                                                                                            |
| Isotype                     | IgG                                                                                                                                                                           |
| Conjugate                   | DyLight 350                                                                                                                                                                   |
| Purity                      | Antigen Affinity-purified                                                                                                                                                     |
| Buffer                      | 50mM Sodium Borate                                                                                                                                                            |
| Product Description         |                                                                                                                                                                               |
| Host                        | Goat                                                                                                                                                                          |
| Gene ID                     | 2619                                                                                                                                                                          |
| Gene Symbol                 | GAS1                                                                                                                                                                          |
| Species                     | Mouse                                                                                                                                                                         |
| Specificity/Sensitivity     | Detects mouse Gas1 in ELISAs and Western blots. In sandwich immunoassays, less than 0.1% cross-reactivity with recombinant human Gas1 and recombinant mouse Gas6 is observed. |
| Immunogen                   | Mouse myeloma cell line NS0-derived recombinant mouse Gas1<br>Leu39-Ser315<br>Accession # Q01721                                                                              |
| Notes                       | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.                                                                                             |
| Product Application Details |                                                                                                                                                                               |
| Applications                | Western Blot, Immunohistochemistry, ELISA Capture (Matched Antibody Pair), ELISA Detection (Matched Antibody Pair), ELISA Standard (Matched Pair)                             |
| Recommended Dilutions       | Western Blot, Immunohistochemistry, ELISA Standard (Matched Pair), ELISA Capture (Matched Antibody Pair), ELISA Detection (Matched Antibody Pair)                             |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                                        |
