| Clonality                   | Polyclonal                                                                                                                                                                                      |
| Preservative                | 0.05% Sodium Azide                                                                                                                                                                              |
| Isotype                     | IgG                                                                                                                                                                                             |
| Conjugate                   | DyLight 405                                                                                                                                                                                     |
| Purity                      | Antigen Affinity-purified                                                                                                                                                                       |
| Buffer                      | 50mM Sodium Borate                                                                                                                                                                              |
| Product Description         |                                                                                                                                                                                                 |
| Host                        | Goat                                                                                                                                                                                            |
| Species                     | Mouse                                                                                                                                                                                           |
| Specificity/Sensitivity     | Detects mouse TIM-6 in direct ELISAs and Western blots. In direct ELISAs and Western blots, less than 1% cross-reactivity with recombinant human TIM-3 and recombinant mouse TIM-4 is observed. |
| Immunogen                   | Mouse myeloma cell line NS0-derived recombinant mouse TIM-6<br>Glu24-Ala140<br>Accession # NP_001020606                                                                                         |
| Notes                       | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.                                                                                                               |
| Product Application Details |                                                                                                                                                                                                 |
| Applications                | Western Blot                                                                                                                                                                                    |
| Recommended Dilutions       | Western Blot                                                                                                                                                                                    |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                          |
