| Conjugate                   | PE                                                                                                                                                                                                                                                                                                    |
| Purity                      | Antigen Affinity-purified                                                                                                                                                                                                                                                                             |
| Buffer                      | PBS                                                                                                                                                                                                                                                                                                   |
| Product Description         |                                                                                                                                                                                                                                                                                                       |
| Host                        | Goat                                                                                                                                                                                                                                                                                                  |
| Gene ID                     | 646480                                                                                                                                                                                                                                                                                                |
| Gene Symbol                 | Fabp9                                                                                                                                                                                                                                                                                                 |
| Species                     | Mouse                                                                                                                                                                                                                                                                                                 |
| Specificity/Sensitivity     | Detects mouse FABP9/T□FABP in direct ELISAs and Western blots. In direct ELISAs and Western blots, approximately 10% cross-reactivity with recombinant human FABP3 and recombinant mouse FABP4 is observed and less than 1% cross-reactivity with recombinant rat (rr) FABP1 and rrFABP2 is observed. |
| Immunogen                   | <i>E. coli</i> -derived recombinant mouse FABP9/T□FABP<br>Met1-Val132<br>Accession # O08716                                                                                                                                                                                                           |
| Product Application Details |                                                                                                                                                                                                                                                                                                       |
| Applications                | Western Blot, Immunohistochemistry                                                                                                                                                                                                                                                                    |
| Recommended Dilutions       | Western Blot, Immunohistochemistry                                                                                                                                                                                                                                                                    |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                                                                                                                                |
