| Preservative                | 0.05% Sodium Azide                                                                                                                                                                                                                    |
| Isotype                     | IgG                                                                                                                                                                                                                                   |
| Conjugate                   | mFluor Violet 610 SE                                                                                                                                                                                                                  |
| Purity                      | Antigen Affinity-purified                                                                                                                                                                                                             |
| Buffer                      | 50mM Sodium Borate                                                                                                                                                                                                                    |
| Product Description         |                                                                                                                                                                                                                                       |
| Host                        | Goat                                                                                                                                                                                                                                  |
| Gene ID                     | 4162                                                                                                                                                                                                                                  |
| Gene Symbol                 | MCAM                                                                                                                                                                                                                                  |
| Species                     | Rat                                                                                                                                                                                                                                   |
| Specificity/Sensitivity     | Detects rat MCAM/CD146 in direct ELISAs and Western blots. In Western blots, approximately 5% cross-reactivity with recombinant human MCAM is observed.                                                                               |
| Immunogen                   | Mouse myeloma cell line NS0-derived recombinant rat MCAM/CD146 Arg19-Lys560<br>Accession # Q9EPF2                                                                                                                                     |
| Notes                       | mFluor(TM) is a trademark of AAT Bioquest, Inc. This conjugate is made on demand. Actual recovery may vary from the stated volume of this product. The volume will be greater than or equal to the unit size stated on the datasheet. |
| Product Application Details |                                                                                                                                                                                                                                       |
| Applications                | Western Blot, Flow Cytometry, CyTOF-ready                                                                                                                                                                                             |
| Recommended Dilutions       | Western Blot, Flow Cytometry, CyTOF-ready                                                                                                                                                                                             |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                                                                |
