| <b>Clonality</b>                   | Polyclonal                                                                                                                                                                              |
| <b>Preservative</b>                | 0.05% Sodium Azide                                                                                                                                                                      |
| <b>Isotype</b>                     | IgG                                                                                                                                                                                     |
| <b>Conjugate</b>                   | DyLight 350                                                                                                                                                                             |
| <b>Purity</b>                      | Antigen Affinity-purified                                                                                                                                                               |
| <b>Buffer</b>                      | 50mM Sodium Borate                                                                                                                                                                      |
| <b>Product Description</b>         |                                                                                                                                                                                         |
| <b>Host</b>                        | Goat                                                                                                                                                                                    |
| <b>Gene ID</b>                     | 11199                                                                                                                                                                                   |
| <b>Gene Symbol</b>                 | ANXA10                                                                                                                                                                                  |
| <b>Species</b>                     | Human                                                                                                                                                                                   |
| <b>Specificity/Sensitivity</b>     | Detects endogenous human Annexin A10 in Western blots. In Western blots, this antibody does not cross-react with recombinant human Annexin A1, A2, A3, A4, A6, A7, A8, A9, A11, or A13. |
| <b>Immunogen</b>                   | <i>E. coli</i> -derived recombinant human Annexin A10<br>Met1-Tyr324<br>Accession # Q9UJ72                                                                                              |
| <b>Notes</b>                       | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.                                                                                                       |
| <b>Product Application Details</b> |                                                                                                                                                                                         |
| <b>Applications</b>                | Western Blot, Immunohistochemistry                                                                                                                                                      |
| <b>Recommended Dilutions</b>       | Western Blot, Immunohistochemistry                                                                                                                                                      |
| <b>Application Notes</b>           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                  |
