CCL27/CTACK Antibody [PE]

| Product Information         |                                                                                                                                                               |
|-----------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Unit Size                   | 0.1 ml                                                                                                                                                        |
| Concentration               | Please see the vial label for concentration. If unlisted please contact technical services.                                                                   |
| Storage                     | Store at 4C in the dark.                                                                                                                                      |
| Clonality                   | Polyclonal                                                                                                                                                    |
| Preservative                | 0.05% Sodium Azide                                                                                                                                            |
| Isotype                     | IgG                                                                                                                                                           |
| Conjugate                   | PE                                                                                                                                                            |
| Purity                      | Antigen Affinity-purified                                                                                                                                     |
| Buffer                      | PBS                                                                                                                                                           |
| Product Description         |                                                                                                                                                               |
| Host                        | Goat                                                                                                                                                          |
| Gene ID                     | 10850                                                                                                                                                         |
| Gene Symbol                 | CCL27                                                                                                                                                         |
| Species                     | Human                                                                                                                                                         |
| Specificity/Sensitivity     | Detects human CCL27/CTACK in direct ELISAs and Western blots. In Western blots, less than 2% cross-reactivity with recombinant mouse CCL27/CTACK is observed. |
| Immunogen                   | <i>E. coli</i> -derived recombinant human CCL27/CTACK (R&D Systems, Catalog # 376-CT)<br>Phe25-Gly112<br>Accession # Q9Y4X3                                   |
| Product Application Details |                                                                                                                                                               |
| Applications                | Western Blot, Immunohistochemistry, Neutralization                                                                                                            |
| Recommended Dilutions       | Western Blot, Immunohistochemistry, Neutralization                                                                                                            |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                        |
