| Clonality                   | Polyclonal                                                                                                                                                                                                                                                                                                     |
| Preservative                | 0.05% Sodium Azide                                                                                                                                                                                                                                                                                             |
| Isotype                     | IgG                                                                                                                                                                                                                                                                                                            |
| Conjugate                   | mFluor Violet 450 SE                                                                                                                                                                                                                                                                                           |
| Purity                      | Antigen Affinity-purified                                                                                                                                                                                                                                                                                      |
| Buffer                      | 50mM Sodium Borate                                                                                                                                                                                                                                                                                             |
| Product Description         |                                                                                                                                                                                                                                                                                                                |
| Host                        | Sheep                                                                                                                                                                                                                                                                                                          |
| Gene ID                     | 27006                                                                                                                                                                                                                                                                                                          |
| Gene Symbol                 | FGF22                                                                                                                                                                                                                                                                                                          |
| Species                     | Human                                                                                                                                                                                                                                                                                                          |
| Specificity/Sensitivity     | Detects human FGF-22 in direct ELISAs and Western blots. In Western blots, less than 1% cross-reactivity with recombinant human (rh) FGF-2, -3, -4, -5, -6, -7, -8b, -9, -10, -11, -12, -13, -16, -17, -18, -19, -20, -23, and recombinant mouse (rm) FGF-8, rmFGF-15, and rhFGF $\square$ acidic is observed. |
| Immunogen                   | <i>E. coli</i> -derived recombinant human FGF-22<br>Thr23-Ser170<br>Accession # Q9HCT0                                                                                                                                                                                                                         |
| Notes                       | mFluor(TM) is a trademark of AAT Bioquest, Inc. This conjugate is made on demand. Actual recovery may vary from the stated volume of this product. The volume will be greater than or equal to the unit size stated on the datasheet.                                                                          |
| Product Application Details |                                                                                                                                                                                                                                                                                                                |
| Applications                | Western Blot                                                                                                                                                                                                                                                                                                   |
| Recommended Dilutions       | Western Blot                                                                                                                                                                                                                                                                                                   |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                                                                                                                                         |
