| <b>Gene ID</b>                     | 2172                                                                                                                                                                                                                                               |
| <b>Gene Symbol</b>                 | FABP6                                                                                                                                                                                                                                              |
| <b>Species</b>                     | Human                                                                                                                                                                                                                                              |
| <b>Specificity/Sensitivity</b>     | Detects human FABP6 in direct ELISAs and Western blots. In direct ELISAs and Western blots, less than 5% cross-reactivity with recombinant human (rh) FABP1, rhFABP2, rhFABP3, rhFABP4, rhFABP5, rhFABP7, and recombinant mouse FABP9 is observed. |
| <b>Immunogen</b>                   | <i>E. coli</i> -derived recombinant human FABP6<br>Ala2-Ala128<br>Accession # P51161                                                                                                                                                               |
| <b>Product Application Details</b> |                                                                                                                                                                                                                                                    |
| <b>Applications</b>                | Western Blot, Immunocytochemistry                                                                                                                                                                                                                  |
| <b>Recommended Dilutions</b>       | Western Blot, Immunocytochemistry                                                                                                                                                                                                                  |
| <b>Application Notes</b>           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                                                                             |
