| Gene Symbol                 | FABP6                                                                                                                                                                                                                                              |
| Species                     | Human                                                                                                                                                                                                                                              |
| Specificity/Sensitivity     | Detects human FABP6 in direct ELISAs and Western blots. In direct ELISAs and Western blots, less than 5% cross-reactivity with recombinant human (rh) FABP1, rhFABP2, rhFABP3, rhFABP4, rhFABP5, rhFABP7, and recombinant mouse FABP9 is observed. |
| Immunogen                   | <i>E. coli</i> -derived recombinant human FABP6<br>Ala2-Ala128<br>Accession # P51161                                                                                                                                                               |
| Notes                       | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.                                                                                                                                                                  |
| Product Application Details |                                                                                                                                                                                                                                                    |
| Applications                | Western Blot, Immunocytochemistry                                                                                                                                                                                                                  |
| Recommended Dilutions       | Western Blot, Immunocytochemistry                                                                                                                                                                                                                  |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                                                                             |
