Otoraplin/OTOR Antibody [DyLight 405]

| Product Information         |                                                                                                |
|-----------------------------|------------------------------------------------------------------------------------------------|
| Unit Size                   | 0.1 ml                                                                                         |
| Concentration               | Please see the vial label for concentration. If unlisted please contact technical services.    |
| Storage                     | Store at 4C in the dark.                                                                       |
| Clonality                   | Polyclonal                                                                                     |
| Preservative                | 0.05% Sodium Azide                                                                             |
| Isotype                     | IgG                                                                                            |
| Conjugate                   | DyLight 405                                                                                    |
| Purity                      | Antigen Affinity-purified                                                                      |
| Buffer                      | 50mM Sodium Borate                                                                             |
| Product Description         |                                                                                                |
| Host                        | Goat                                                                                           |
| Gene ID                     | 56914                                                                                          |
| Gene Symbol                 | OTOR                                                                                           |
| Species                     | Human, Mouse                                                                                   |
| Specificity/Sensitivity     | Detects human and mouse Otoraplin/OTOR in direct ELISAs and Western blots.                     |
| Immunogen                   | <i>E. coli</i> -derived recombinant human Otoraplin/OTOR<br>Val18-Glu128<br>Accession # Q9NRC9 |
| Notes                       | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.              |
| Product Application Details |                                                                                                |
| Applications                | Western Blot                                                                                   |
| Recommended Dilutions       | Western Blot                                                                                   |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                         |
