| <b>Gene Symbol</b>                 | SERPINA12                                                                                                                                                                                                                                    |
| <b>Species</b>                     | Human                                                                                                                                                                                                                                        |
| <b>Specificity/Sensitivity</b>     | Detects human Serpin A12 in direct ELISAs and Western blots. In direct ELISAs and Western blots, less than 1% cross-reactivity with recombinant human (rh) Serpin A1, rhSerpin A3, rhSerpin F1, and recombinant mouse Serpin E1 is observed. |
| <b>Immunogen</b>                   | Mouse myeloma cell line NS0-derived recombinant human Serpin A12<br>Leu20-Lys414<br>Accession # Q8IW75                                                                                                                                       |
| <b>Product Application Details</b> |                                                                                                                                                                                                                                              |
| <b>Applications</b>                | Western Blot, Immunoprecipitation                                                                                                                                                                                                            |
| <b>Recommended Dilutions</b>       | Western Blot, Immunoprecipitation                                                                                                                                                                                                            |
| <b>Application Notes</b>           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                                                                       |
