| Product Description         |                                                                                                                                                           |
| Host                        | Goat                                                                                                                                                      |
| Gene ID                     | 7533                                                                                                                                                      |
| Gene Symbol                 | YWHAH                                                                                                                                                     |
| Species                     | Human, Mouse, Rat                                                                                                                                         |
| Specificity/Sensitivity     | Detects human, mouse, and rat 14-3-3 $\eta$ in Western blots. In Western Blot less than 1% cross reactivity with other recombinant human 14-3-3 isoforms. |
| Immunogen                   | <i>E. coli</i> -derived recombinant human 14-3-3 $\eta$ Met1-Asn246<br>Accession # Q04917                                                                 |
| Product Application Details |                                                                                                                                                           |
| Applications                | Western Blot                                                                                                                                              |
| Recommended Dilutions       | Western Blot                                                                                                                                              |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                    |
