**AF473E**

Ephrin-B1 Antibody [DyLight 405]

| Product Information         |                                                                                                         |
|-----------------------------|---------------------------------------------------------------------------------------------------------|
| Unit Size                   | 0.1 ml                                                                                                  |
| Concentration               | Please see the vial label for concentration. If unlisted please contact technical services.             |
| Storage                     | Store at 4C in the dark.                                                                                |
| Clonality                   | Polyclonal                                                                                              |
| Preservative                | 0.05% Sodium Azide                                                                                      |
| Isotype                     | IgG                                                                                                     |
| Conjugate                   | DyLight 405                                                                                             |
| Purity                      | Antigen Affinity-purified                                                                               |
| Buffer                      | 50mM Sodium Borate                                                                                      |
| Product Description         |                                                                                                         |
| Host                        | Goat                                                                                                    |
| Gene ID                     | 1947                                                                                                    |
| Gene Symbol                 | Efnb1                                                                                                   |
| Species                     | Mouse                                                                                                   |
| Specificity/Sensitivity     | Detects mouse Ephrin-B1 in direct ELISAs and Western blots.                                             |
| Immunogen                   | Mouse myeloma cell line NS0-derived recombinant mouse Ephrin-B1<br>Lys30-Ser229<br>Accession # AAA53231 |
| Notes                       | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.                       |
| Product Application Details |                                                                                                         |
| Applications                | Western Blot, Immunohistochemistry                                                                      |
| Recommended Dilutions       | Western Blot, Immunohistochemistry                                                                      |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                  |
