| Clonality                   | Polyclonal                                                                                                                                                                        |
| Preservative                | 0.05% Sodium Azide                                                                                                                                                                |
| Isotype                     | IgG                                                                                                                                                                               |
| Conjugate                   | DyLight 680                                                                                                                                                                       |
| Purity                      | Antigen Affinity-purified                                                                                                                                                         |
| Buffer                      | 50mM Sodium Borate                                                                                                                                                                |
| Product Description         |                                                                                                                                                                                   |
| Host                        | Sheep                                                                                                                                                                             |
| Gene ID                     | 11331                                                                                                                                                                             |
| Gene Symbol                 | PHB2                                                                                                                                                                              |
| Species                     | Human, Mouse, Rat                                                                                                                                                                 |
| Specificity/Sensitivity     | Detects human, mouse and rat Prohibitin 2 in direct ELISAs and Western blots. In direct ELISAs, approximately 10% cross-reactivity with recombinant human Prohibitin is observed. |
| Immunogen                   | <i>E. coli</i> -derived recombinant human Prohibitin 2<br>Lys89-Lys299<br>Accession # Q99623                                                                                      |
| Notes                       | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.                                                                                                 |
| Product Application Details |                                                                                                                                                                                   |
| Applications                | Western Blot                                                                                                                                                                      |
| Recommended Dilutions       | Western Blot                                                                                                                                                                      |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                                            |
