| <b>Isotype</b>                     | IgG                                                                                                                                                                                                                    |
| <b>Conjugate</b>                   | HRP                                                                                                                                                                                                                    |
| <b>Purity</b>                      | Antigen Affinity-purified                                                                                                                                                                                              |
| <b>Buffer</b>                      | PBS                                                                                                                                                                                                                    |
| <b>Product Description</b>         |                                                                                                                                                                                                                        |
| <b>Host</b>                        | Sheep                                                                                                                                                                                                                  |
| <b>Gene ID</b>                     | 2352                                                                                                                                                                                                                   |
| <b>Gene Symbol</b>                 | FOLR3                                                                                                                                                                                                                  |
| <b>Species</b>                     | Human                                                                                                                                                                                                                  |
| <b>Specificity/Sensitivity</b>     | Detects human FOLR3 in direct ELISAs and Western blots. In direct ELISAs, approximately 10% cross-reactivity with recombinant human (rh) FOLR2 is observed and less than 1% cross-reactivity with rhFOLR1 is observed. |
| <b>Immunogen</b>                   | Mouse myeloma cell line NS0-derived recombinant human FOLR3 long isoform Ala20-Ser243<br>Accession # P41439                                                                                                            |
| <b>Product Application Details</b> |                                                                                                                                                                                                                        |
| <b>Applications</b>                | Western Blot, CyTOF-ready, Intracellular Staining by Flow Cytometry                                                                                                                                                    |
| <b>Recommended Dilutions</b>       | Western Blot, Intracellular Staining by Flow Cytometry, CyTOF-ready                                                                                                                                                    |
| <b>Application Notes</b>           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                                                 |
