| <b>Gene ID</b>                     | 10164                                                                                                                                                                                                                                                                           |
| <b>Gene Symbol</b>                 | CHST4                                                                                                                                                                                                                                                                           |
| <b>Species</b>                     | Human                                                                                                                                                                                                                                                                           |
| <b>Specificity/Sensitivity</b>     | Detects human Sulfotransferase 4/CHST4 in direct ELISAs and Western blots. In direct ELISAs, approximately 25% cross-reactivity with recombinant mouse CHST4 is observed and less than 5% cross-reactivity with recombinant human (rh) CHST1, rhCHST5, and rhCHST6 is observed. |
| <b>Immunogen</b>                   | Chinese hamster ovary cell line CHO-derived recombinant human Sulfotransferase 4/CHST4<br>Leu22-Gln286<br>Accession # Q8NCG5                                                                                                                                                    |
| <b>Notes</b>                       | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.                                                                                                                                                                                               |
| <b>Product Application Details</b> |                                                                                                                                                                                                                                                                                 |
| <b>Applications</b>                | Western Blot, Immunoprecipitation, Neutralization                                                                                                                                                                                                                               |
| <b>Recommended Dilutions</b>       | Western Blot, Immunoprecipitation, Neutralization                                                                                                                                                                                                                               |
| <b>Application Notes</b>           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                                                                                                          |
