| <b>Gene ID</b>                     | 9353                                                                                                                                                                                                                                                 |
| <b>Gene Symbol</b>                 | SLIT2                                                                                                                                                                                                                                                |
| <b>Species</b>                     | Mouse                                                                                                                                                                                                                                                |
| <b>Specificity/Sensitivity</b>     | Detects mouse Slit2 in direct ELISAs. In direct ELISAs, less than 50% cross-reactivity with recombinant human (rh) Slit2, rhSlit1 and recombinant mouse (rm) Slit1 is observed, less than 10% cross-reactivity with rmSlit3 and rhSlit3 is observed. |
| <b>Immunogen</b>                   | Chinese hamster ovary cell line CHO-derived recombinant mouse Slit2<br>Gln26-Gln900<br>Accession # Q9R1B9                                                                                                                                            |
| <b>Product Application Details</b> |                                                                                                                                                                                                                                                      |
| <b>Applications</b>                | Immunohistochemistry                                                                                                                                                                                                                                 |
| <b>Recommended Dilutions</b>       | Immunohistochemistry                                                                                                                                                                                                                                 |
| <b>Application Notes</b>           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                                                                               |
