| <b>Host</b>                        | Goat                                                                                                                                                                                                                                                                                     |
| <b>Gene ID</b>                     | 3558                                                                                                                                                                                                                                                                                     |
| <b>Gene Symbol</b>                 | IL2                                                                                                                                                                                                                                                                                      |
| <b>Species</b>                     | Cotton Rat                                                                                                                                                                                                                                                                               |
| <b>Specificity/Sensitivity</b>     | Detect cotton rat IL-2 in direct ELISAs and Western blots. In direct ELISAs, approximately 20% cross-reactivity with recombinant rat IL-2 and recombinant mouse IL-2 is observed and less than 5% cross-reactivity with recombinant human IL-2 and recombinant porcine IL-2 is observed. |
| <b>Immunogen</b>                   | <i>E. coli</i> -derived recombinant cotton rat IL-2                                                                                                                                                                                                                                      |
| <b>Notes</b>                       | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.                                                                                                                                                                                                        |
| <b>Product Application Details</b> |                                                                                                                                                                                                                                                                                          |
| <b>Applications</b>                | Western Blot, Neutralization                                                                                                                                                                                                                                                             |
| <b>Recommended Dilutions</b>       | Western Blot, Neutralization                                                                                                                                                                                                                                                             |
| <b>Application Notes</b>           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                                                                                                                   |
