| <b>Clonality</b>                   | Polyclonal                                                                                                                                                                       |
| <b>Preservative</b>                | 0.05% Sodium Azide                                                                                                                                                               |
| <b>Isotype</b>                     | IgG                                                                                                                                                                              |
| <b>Conjugate</b>                   | PerCP                                                                                                                                                                            |
| <b>Purity</b>                      | Antigen Affinity-purified                                                                                                                                                        |
| <b>Buffer</b>                      | PBS                                                                                                                                                                              |
| <b>Product Description</b>         |                                                                                                                                                                                  |
| <b>Host</b>                        | Sheep                                                                                                                                                                            |
| <b>Gene ID</b>                     | 1237                                                                                                                                                                             |
| <b>Gene Symbol</b>                 | CCR8                                                                                                                                                                             |
| <b>Species</b>                     | Mouse, Rat                                                                                                                                                                       |
| <b>Specificity/Sensitivity</b>     | Detects mouse and rat CCR8 in direct ELISAs and Western blots. In direct ELISAs, less than 2% cross-reactivity with recombinant mouse (rm) CCR1, rmCCR4, and rmCCR5 is observed. |
| <b>Immunogen</b>                   | <i>E. coli</i> -derived recombinant mouse CCR8<br>Met1-Met33, Asn92-Lys105, Tyr170-Ile200, His262-Leu278<br>Accession # P56484                                                   |
| <b>Product Application Details</b> |                                                                                                                                                                                  |
| <b>Applications</b>                | Western Blot                                                                                                                                                                     |
| <b>Recommended Dilutions</b>       | Western Blot                                                                                                                                                                     |
| <b>Application Notes</b>           | Optimal dilution of this antibody should be experimentally determined.                                                                                                           |
