| <b>Gene ID</b>                     | 5067                                                                                                                                                                                                                                                      |
| <b>Gene Symbol</b>                 | CNTN3                                                                                                                                                                                                                                                     |
| <b>Species</b>                     | Human                                                                                                                                                                                                                                                     |
| <b>Specificity/Sensitivity</b>     | Detects human Contactin-3 in direct ELISAs. In direct ELISAs, approximately 10% cross-reactivity with recombinant mouse Contactin-3 is observed, and less than 5% cross-reactivity with recombinant human (rh) Contactin-4 and rhContactin-5 is observed. |
| <b>Immunogen</b>                   | Mouse myeloma cell line NS0-derived recombinant human Contactin-3 Pro26-Pro992<br>Accession # Q9P232                                                                                                                                                      |
| <b>Product Application Details</b> |                                                                                                                                                                                                                                                           |
| <b>Applications</b>                | Immunohistochemistry                                                                                                                                                                                                                                      |
| <b>Recommended Dilutions</b>       | Immunohistochemistry                                                                                                                                                                                                                                      |
| <b>Application Notes</b>           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                                                                                    |
