| Product Description         |                                                                                                                                                                                 |
| Host                        | Goat                                                                                                                                                                            |
| Gene ID                     | 3458                                                                                                                                                                            |
| Gene Symbol                 | IFNG                                                                                                                                                                            |
| Species                     | Feline                                                                                                                                                                          |
| Specificity/Sensitivity     | Detects feline IFN- $\gamma$ in direct ELISAs and Western blots. In direct ELISAs, less than 1% cross-reactivity with human, mouse, rat, and porcine IFN- $\gamma$ is observed. |
| Immunogen                   | <i>E. coli</i> -derived recombinant feline IFN- $\gamma$<br>Gln24-Lys167<br>Accession # P46402                                                                                  |
| Product Application Details |                                                                                                                                                                                 |
| Applications                | Western Blot, Neutralization                                                                                                                                                    |
| Recommended Dilutions       | Western Blot, Neutralization                                                                                                                                                    |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                                          |
