| <b>Gene ID</b>                     | 3479                                                                                                                                                                                                                                                  |
| <b>Gene Symbol</b>                 | IGF1                                                                                                                                                                                                                                                  |
| <b>Species</b>                     | Mouse                                                                                                                                                                                                                                                 |
| <b>Specificity/Sensitivity</b>     | Detects mouse IGF-I/IGF-1 in direct ELISAs and Western blots. In direct ELISAs, approximately 15% cross-reactivity with recombinant human IGF-I/IGF-1 is observed, and less than 2% cross-reactivity with recombinant mouse IGF-II/IGF-2 is observed. |
| <b>Immunogen</b>                   | <i>E. coli</i> -derived recombinant mouse IGF-I/IGF-1<br>GI33-Ala102<br>Accession # Q8CAR0                                                                                                                                                            |
| <b>Notes</b>                       | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.                                                                                                                                                                     |
| <b>Product Application Details</b> |                                                                                                                                                                                                                                                       |
| <b>Applications</b>                | Western Blot, Immunohistochemistry, Neutralization                                                                                                                                                                                                    |
| <b>Recommended Dilutions</b>       | Western Blot, Immunohistochemistry, Neutralization                                                                                                                                                                                                    |
| <b>Application Notes</b>           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                                                                                |
